Bass Lakes is a quiet luxury development with a lakeside setting backing onto sweet smelling orange groves situated about 40 minutes from Orlando airport, and enough off the beaten track to be private, but not too far to be secluded.

The attractions nearby are endless, Disney, Epcot, Sea World, Golf Courses, restaurants, restaurants, restaurants, and the superb Florida climate and friendly Floridians.

When you want a break from fun in the sun, there are many Malls for retail therapy, and a drive will take you to Naples, Miami, or if you want a night away down to the Florida Keys.

This is our home from home why not make it yours this year!
